

Competition Relay

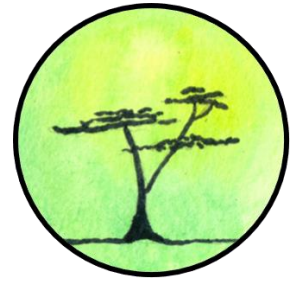

Items Needed: Bag of candy (if not possible use 100 bottle caps, a deck of cards, paper clips, or any thing that you can get about 100 of)

Ask for about 3 – 5 volunteers to come up to the front. Explain to them that you are going to play a game. The one who collects the most and brings it to you will get a prize. Then throw up in the air all the candy or item of choice. Watch as the students try to collect as much as they can and bring it to you. Count out how much each person brought.

Say: Games like these can make us competitive. We all want to be the best so that we can get the prize. What happens when we are the winner? How do we feel? What happens when we do not win? How do we feel? Reward each participating member in the game with a sweet (prize).
